

Heaven & Earth

A Dazzling Journey for the Mind

FOUR SPELLBINDING ENTERTAINMENT EXPERIENCES

Heaven & Earth

Goes beyond any card game, puzzle, or toy.

THE CARDS

A captivating rummy-like solitaire game as new as tomorrow, yet timeless as card games themselves. Create the highest scoring "tricks" by matching cards that come alive with vibrant animation and sound. 22 *wild cards* – shooting stars, eclipses, rainbows, tornadoes, and more. Special combinations and randomly dealt cards make this game endlessly replayable and always exciting.

One of the Flip Turn Illusions

THE ILLUSIONS

Imagine 12 kinds of visual puzzles. Each contains 48 original scenarios as beguiling as they are beautiful. That's almost 600 delightful mind-teasers in all! Ponder the entrancing worlds of *Identity Maze*, *Sliding Graphics*, *Cursor Warping*, and others. With four ascending levels of challenge, experts and beginners will be instantly hooked.

THE PENDULUMS

The first-ever computer toy! An *anti-arcade* experience because it leaves you – not exhausted – but renewed. Four breath-taking worlds covered with pulsating energy fields. Collect the positive energy while evading the seductive pull of the negative. The sweeping pendulums provide a hypnotic, fascinating diversion.

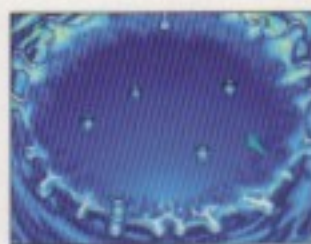

The Gateway opens...

THE PILGRIMAGE

The ultimate challenge. Special new Cards, Illusions, and Pendulums merge into a journey of 108 steps. Gather up the skill and insights you've acquired playing the first three paths, then embark on this challenging, uplifting, and utterly satisfying pilgrimage to the mystical kingdom of *Shambhala*.
