POOL OF RADIANCE

Prepare yourself for the first AD&D computer fantasy role-playing game set in the magical world known as the Forgotten Realms. Your quest is to discover the identity of the evil force and rid the fabled city of Phlan from its scourge.

CURSE OF THE AZURE BONDS

The Azure Bonds have you under their control. Your only hope is to search the Forgotten Realms for members of the alliance who created the bonds. Only then can you be free!

SECRET OF THE SILVER BLADES

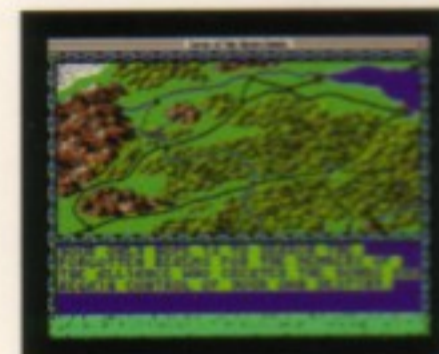

Continue the exciting Forgotten Realms saga by transferring characters from Curse of the Azure Bonds, or create all-new characters. Either way, you'll explore the largest 3D adventuring expanse ever, use higher character levels and involve wondrous new spells.

POOLS OF DARKNESS

The cataclysmic conclusion to the award-winning Forgotten Realms adventure series! Pools of Darkness propels you into alternate dimensions on an enormous quest by taking you back to the Moonsea area for the final battle against the ultimate enemy.

DARK QUEEN OF KRYNN

The Dark Queen of Krynn propels you across the sea to Taladas for the final battle against Krynn's worst nightmare. Battle strange and malevolent monsters never seen before and achieve character levels up to the 40th level!
